SHADE ELEMENTS

Muriwai Shutters

■ We are longstanding innovators of shade solutions and are proud to manufacture high-quality weather protection options for all living areas.

Indoor-outdoor flow has become a necessity in contemporary design. Shade Elements' exterior products respond to this by helping New Zealanders enjoy and enhance courtyards, sheltered retreats and outdoor rooms year-round.

Practical, durable and stylish, Muriwai Aluminium Shutters are designed for both indoor and outdoor use.

Customised for your location and needs, they cover a wide range of applications, from patios to bedrooms, enhancing energy efficiency and protection. These modern, timeless shutters are perfect for any setting, adding style to homes, offices, and commercial spaces.

We create versatile, beautiful outdoor spaces that connect seamlessly to homes and gardens, while providing shelter from the elements.
